Westover Villas ... 13,14,15 and 16

Probably the finest known image of the Westover Villas!.... This photo is derived from the 'carte-de-visite' posted by local historian ***Alwyn Ladell****, as part of his 'Flickr' collection. (See here: https://www.flickr.com/photos/alwyn_ladell/30537814721) . A lovely depiction of the final 4 villas at the 'top of the road'. The corner tower of number 13 on the extreme left, the veranda and gable end of number 14 (the last built villa) to the right of that tower. Next, the magnificent number 15 with its ornate central tower. Finally, part of number 16, in its original guise. This image is believed to date from the 1870s.*

Westover Villas … no.14

There are lots of 'drawings' of the Westover Villas – most seem to be simple caricatures of the Villas, which often bear little resemblance to the actual buildings.
This fine drawing of no.14 in an exception!
Believed to date from the 1860s, it shows the fine features of no.14…. Revealing more detail than we can see in the photo on the previous page.
Sadly, there don't seem to be any similarly detailed drawings of the other Villas….. At least none that have come to light so far!
